When joining ZombiePumpkins.com you agree to the following terms:

Acceptable Use:

In addition to pumpkin carving, patterns may be used for personal, non-commercial art/craft projects. Members may share pattern printouts among those in their household or guests at a pumpkin carving party. Teachers may use pattern printouts as part of a classroom lesson. Projects that help charity are also encouraged.

Prohibited Use:

You may not sell the patterns or products that make use of the pattern designs (i.e. pre-carved pumpkins, printed shirts, etc). You may not redistribute patterns (i.e. forums, weblogs, eBay, etc). You may not alter or repackage pattern files for redistribution. You may not share your password with multiple users. IP addresses are recorded with each login to detect an unreasonable number of computers accessing the same account within a small span of time.

If any of these terms are broken, ZombiePumpkins.com reserves the right to cancel a membership at its discretion.
